the Singlass Bridge, so called, which is
since broke down and is so rotten that it
is thought more prudent to build a new

be done with as little cost besides being
worth four of it when done.

immediate occasion of something done
all concerned are desired to attend a short
space and candidly debate this affair
which may prevent something worse.

Strafford ss } We the subscribers, freeholders & inhabitants of Rochester qualified to vote in town affairs beg leave to enter our dissent to the proceedings of the meeting held in the Meeting House in sd Rochester on the 13th day of September 1773 in consequence of a supposed warrant dated the 28th day of August last said to be signed by two of the Selectmen of sd town to notify a meeting of the Congregational Society in said town on the 13th of said September to vote on the matters and things therein mentioned because sd warrant is said to be pursuant to a petition from a sufficient number of the Inhabitants of sd town when the law says ten freeholders and it dont appear what number the Selectmen call sufficient nor whether the Inhabitants that petitioned were freeholders: that sd warrant is directed to the freeholders and Inhabitants of sd Society when it ought to be directed to the freeholders and Inhabitants of sd town qualified to vote in Publick Town Meetings: Though the direction and notice is special yet the things in said warrant

mentioned are proposed to be voted by the town which is a contradiction in terms Moreover because the matters proposed to be voted touching their minister the Rev Mr Hall are not in the power of the town to vote as they have already called and settled Mr Hall for their minister and ought to treat him as such until he is regularly dismissed from his ministry or voluntarily resigns that office no other person can officiate in his place or desk without his consent neither can any vote of the town make the dissenters thereto liable to be charged with a tax for the purpose of hiring a Candidate to officiate as mentioned in sd warrant Wherefore the subscribers utterly object to any such tax and protest against their being chargeable therewith and pray that this their dissent may be entered in the town Records.

The settling a minister in a town is a matter of such great importance that it requires the attention and assistance of every hearer of him or at least every one capacitated to act for or against him: the Town of Rochester is very backward in attending Town Meetings when business of importance is to be acted on & those that do attend very backward of acting their principles whereby great difficulty arises as hath been the case in the business before us; therefore by

the request of the last meeting on the adjournment this meeting is called and the Inhabitants - desired to attend and act their minds openly it is also Mr Haven's desire that none might stand as Neuters but act for or against him that he may know what is his duty in the case or an answer he shall give.

Mr Joseph Haven's Answer to the Town of
Rochester

To the Church and Congregation of the
Town of Rochester

The Sovereign Ruler of the Universe governs all things & by his Providence orders them as shall be most for his Honour & glory. He often brings about things contrary to our Expectations and Even Wishes. But where he Calls to a thing there must be a cheerful compliance & ready resignation to his will nor must we refuse to go in the paths he has pointed out for us.

After great divisions and sore trials among you (the cause of which I hope none will now look abroad to find but to his own heart) you have seen fit to give me an invitation to settle as a Gospel Minister in this Place & to take the care of this Church & People upon me which is a great undertaking and what of my self I am utterly unable to go through yet when I see that you are so well united (which is far beyond all expectation & to God alone it must be ascribed) with an humble reliance upon him I must think myself bound in duty to yield to your solicitations as being called thereto by the great Head of the Church & Bishop of souls.

The prayers of this Church & People I do earnestly request that I may be directed & prospered in so great and arduous an undertaking that I may be made a faithful Minister of Jesus Christ and a successful laborer

in this part of his Vineyard that I may be a means of winning many souls to him and that I may not fear the face of Man so as to leave any part of the business allotted me to do, undone.

And that the great Head of the Church may continually bestow the best of Heaven's Blessings upon his flock in this Place and upon the whole town & that we may so walk as to meet together at last in the Regions above shall be the constant prayers of a hearty well Wisher to your souls.

Your sincere Friend & humble Servant

Joseph Haven
